

HARRISON SCHOOL COVID-19 GUIDANCE – updated 1/14/2022

Any individual who tests positive for COVID-19

Isolate for at least 5 days AFTER onset of symptoms or test if no symptoms

1. Maximum period of isolation is 10 days after onset of symptoms or day of test.
2. Release from isolation on Day 6 if fever- and vomiting/diarrhea-free for 24 hours and other symptoms have improved.
3. Mask through Day 10.

Any individual who has COVID-19 symptoms

Exclude from school until:

1. Receipt of negative COVID-19 test (PCR or Rapid antigen test). If positive, refer to isolation protocol for positive case (red box above).
- OR
2. At least 5 days and a maximum of 10 days AFTER onset of symptoms, if fever and vomiting/diarrhea-free for 24 hours and other symptoms have improved.
 3. Mask through Day 10 for #1 and #2 listed above. **Student will be distanced at lunch (6 ft from all students). Must wear mask when outside.**

Close Contact to Someone with COVID-19

Scenario #1

1. A student who was within 3-6 feet of a confirmed or probable student case in a classroom setting if both were consistently masked during exposure.
2. An individual who was within 3-6 feet of a confirmed case on school transportation and windows were open (front, middle, back or overhead) OR HEPA filters were used in transit, and if both were consistently masked during exposure.
3. Age 18 or older and received all recommended vaccine doses (including booster, if eligible).
4. Age 5-17 and completed the primary series of vaccine.
5. Confirmed COVID-19 case within the last 90 days (tested positive with a rapid or lab test).
6. An individual who was solely exposed to a confirmed case outdoors.

NO NEED TO QUARANTINE

*unless “close contact” develops symptoms, but mask through Day 10 after last contact with positive case.

If the “close contact” develops symptoms, **isolate** until receipt of negative COVID-19 test. If positive, refer to isolation protocol for positive case (red box above).

Scenario #2

1. **Unvaccinated** or have not completed a primary vaccine series.
2. Age 18 or older and **Unboosted** (if eligible for the booster).

QUARANTINE AT HOME FOR 5 DAYS...

After last contact with positive case, unless participating in the Test to Stay Program.

If quarantining, should test on Day 5, if possible.

Release from quarantine on Day 6, if no symptoms and negative test .

Mask through Day 10

If the “close contact” develops symptoms, isolate until receipt of negative COVID-19 test. If positive, refer to isolation protocol for positive case (red box above).
